

How to create and customize a Spotify Premium playlist (IOS mobile).

Introduction: This guide is meant to aid new Spotify users in creating their own customized playlists on the **mobile** platform. This includes adding and editing songs after creation.

STEPS:

STEP 1: Double tap the Spotify icon on your mobile device to open the app's home page.

STEP 2: Click on **the plus sign +** with **Create** under it by the bottom right corner of the home page (Figure 1).
